your diploma is a *Symbol!*

That precious piece of parchment
certifying that you have completed
your course of study
is more than a diploma.

It signifies that you can apply yourself;
can learn; can respect duly vested
authority; can get along with your associates;
can practice tolerance of ideas
and beliefs.

Your diploma is a symbol that you have
exercised an American's privilege
of bettering himself.

Your diploma forecasts to you and your
community that you can become a useful
citizen — and will succeed according
to your ability and the effort you invest!

WE'RE PROUD OF YOU

We're proud of you . . . proud of you young Americans who have worked hard and studied through hectic war-time years to help share the responsibility of the Peace. There were thousands of young men and women who gave their lives for the price of this Peace, so bitterly fought for, so gloriously won . . . and now, the responsibility is yours . . . the responsibility of keeping this a world free from war, the responsibility of making this a better nation . . . a nation bound with everlasting Peace . . . beginning today!

Yes, Dear Diary, these are all the many things I never want to forget about Manual. Long after Commencement Exercises are over and my high school days are a closed book, I shall want to turn back the pages of time and glimpse once more at the treasured friends and memories which my three years at Manual gave me.
